

BEADBOARD MEDIA COLLECTION

Beadboard Media Collection

Media stand holds a flat-panel TV up to 52", with two drawers and shelves below for DVDs and game systems. The matching media hutch adds more storage above, and sturdy towers include five wide shelves to hold books and notebooks. Our snack bar hutch and console features two deep drawers, two pullout shelves and two adjustable shelves that can be removed. Each piece is hand-distressed and sanded to reveal the wood's rich, natural grain and to create the rustic warmth and character of an antique.
